Re: Lower Darby Creek Area Superfund Site

Dear Mr. Nishitani:

This will confirm the message I left on your answering machine today. I understand that you are out of the office this week, and I wanted to let you know that Honeywell is working on a response to the §104 Request for Information regarding this site. We respectfully request additional time to complete that response.

After you have returned to the office and have some time to spend on this matter, may I ask you to give me a call?

Incidentally, since you were unavailable, I spoke with Carlyn Winter Prisk to advise her of my attempt to contact you and to express our willingness to answer informally any initial questions she may have about Honeywell, its corporate history, and its facilities in the Philadelphia area.

Thank you for your cooperation.

Very truly yours,

cc: Ms. Carlyn Winter Prisk (3HS11)
